The new office located at Timor Plaza CBD 10, Unit 401- 403 will serve as our headquarter for exploration, mining and services as well as partnerships and engagement with our stakeholders. With this new office, we aim to strengthen our connections with mining industry and accelerate our growth.

We are excited to establish our presence in this new office and appreciate all the supports we have received from Minister of Petroleum and Mineral Resources, H.E Francisco da Costa Monteiro said José Gonçalves, President and CEO of MRT. This new office will enable MRT to collaborate more closely within the company and with all our stakeholders to implement the company's strategic objectives and Government plans to develop mining sector in Timor-Leste.

In his message to MRT, H.E Francisco da Costa Monteiro reiterates the importance to use the office for MRT's growth and ensure optimum performance to explore and develop mineral resources and contribute to the country's economic development.

The blessing of the new office was administered by Rev.Fr. Mariano Maia.
